MOUNTING YOUR CAMERA

Attach your camera to helmets, gear and equipment.

GETTING STARTED

DEAR USER,

Congratulations on your new camera and many thanks for your purchase! This user manual will help you learn the basics of capturing life's most incredible moments!
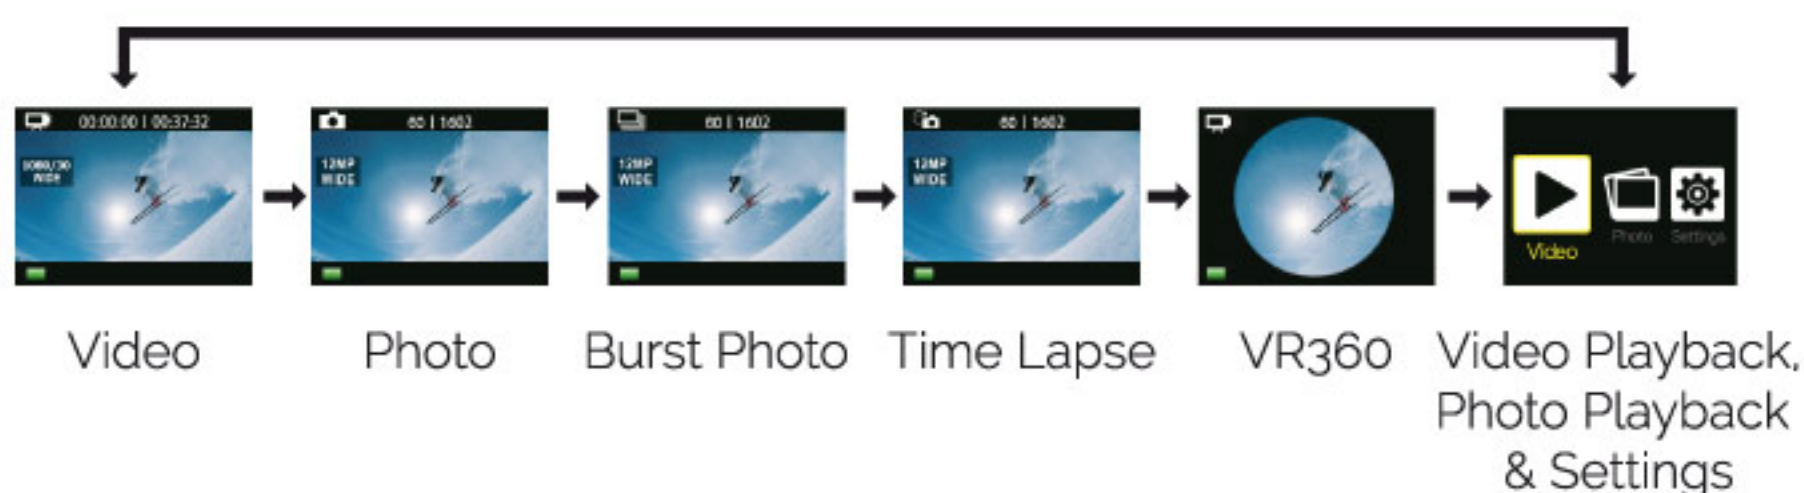

To power ON:
Press the **Power/Mode Button**.
To power OFF:
Press and hold the **Power/Mode Button.**

OVERVIEW

Turn camera ON and repeatedly press the Power/Mode Button to cycle through camera modes and settings. The modes will appear in following order:

Video   Photo   Burst Photo   Time Lapse   VR360   Video Playback, Photo Playback & Settings

|		
	Video	**Rercord Video**
	Photo	**Capture a single photo**
	Burst Photo	**Capture photo burst**
	Time Lapse	**Shoot series of photos at set time intervals**
	VR 360	**Record VR 360 Video**
		Photo & Video playback
		Adjust camera settings, resolution and more

SETTINGS

Press the **Shutter/Select Button** to enter the settings menu. Repeatedly press the **Power/-Mode Button** to cycle through options and press the **Shutter/Select Button** to select desired option. To go back to the previous screen or exit the settings menu, press the **Wi-Fi Button.**

Version

VIDEO MODE

📹 Video

To record Video, verify the camera is in
Video mode. If the **Video** icon on your
camera's LCD screen is not showing, press
the **Power/Mode Button** repeatedly until it
appears.

To start recording:
Press the **Shutter/Select Button**. The
camera will emit one beep and the **Camera
Status Lights** will flash while recording.

To stop recording:
Press the Shutter/Select Button. The
Camera Status Lights stop flashing and
the camera emits one beep to indicate
recording has stopped.

This camera automatically stops recording when the battery is out of power. Your **Video** will be saved before the camera powers OFF.

PHOTO MODE

📷 Photo

To capture a **Photo**, verify the camera is in **Photo** mode. If the **Photo** icon on your camera's LCD screen is not showing, press the **Power/ Mode Button** repeatedly until it appears.

To take a photo:
Press the **Shutter/Select Button**. The camera will emit the camera shutter sound.

BURST PHOTO MODE

🖾 Burst Photo

To capture a **Burst Photo** series, verify the camera is in **Burst Photo** mode. If the **Burst Photo** icon on your camera's LCD screen is not showing,

press the **Power/Mode Button** repeatedly until it appears. In **Burst Photo** mode, your camera takes 3 photos in 1.5 seconds.

To take a Burst Photo series:
Press the **Shutter/Select Button**. The camera will emit camera shutter sounds.

TIME LAPSE MODE

🕐📷 Time Lapse

To capture a **Time Lapse** series, verify the **Continuous Lapse** is **ON** and camera is in **Time Lapse** mode. If the Time Lapse icon on your camera's LCD screen is not showing, press the **Power/Mode Button** repeatedly until it appears. In **Time Lapse** mode, your camera captures a series of photos at **2,3,5,10,20,30** or **60** second intervals.

To take Time Lapse:
Press the **Shutter/Select Button**. The camera initiates countdown and emits the camera shutter sound each time a **Photo** is taken.

VR 360 VIDEO

To record **VR360 Video**, you have to download the **Ez iCam App** to your smartphone at the Apple App Store in advance.
To start recording:
1. Verify the camera is in **VR360 mode**.
2. Press the **Wi-Fi Button** to turn on **Wi-Fi**.
3. In your smartphone's **Wi-Fi settings**, connect to the network called "**ICAM-LYNX730-VR**" followed by a series of numbers.
4. Open the **Ez iCam App** on your smartphone.
5. Chose your Action camera on the device list.
6. Press the **Red Record Button** to start recording.

Playing Back VR360 Videos*
1. Go to the Album ⊞ on the Ez iCam App.
2. Press the **Playback button** 🎥 at the bottom of each **VR360 video.**

*This **VR360** feature is only supported on Ez iCam Playback

PLAYBACK

Playing Back Videos and Photos

To enter the Playback menu:

1. Press the **Power/Mode Button** to select **Video** or **Photo**.
2. Press the **Shutter/Select Button** to enter the **Playback** menu.
3. Use **Power/Mode Button** to cycle through the various options.
4. Press the **Shutter/Select Button**.
5. To return to the **Playback menu**, press the **Wi-Fi Button.**

STORAGE/MICRO SD CARDS

This camera is compatible with **16GB,** and **32GB** capacity **microSD, microSDHC**, and **microSDXC** memory cards. You must use a **microSD** card with a **Class 10 speed** rating. We recommend using brand name memory cards for maximum reliability in high-vibration activities.

BATTERY

Charging The Battery

To charge the battery:
1. Connect the camera to a computer or USB power supply.

* Charging Time: 5 hours

CAMERA APP

Connecting to the Ez iCam App (4K & 2.7K not supported)

The **Ez iCam App** lets you control your camera remotely using a smartphone or tablet. Features include full camera control, live preview, photo playback and sharing of selected content and more.

1. Download the **Ez iCam App** to your smartphone or tablet at the **Google Play** or **Apple App Store**.
2. Press the **Power/Mode Button** to power the camera **ON**.
3. Make sure the camera is in **Camera mode**.

4. Press the **Wi-Fi Button** to turn on the **Wi-Fi***.
5. In your smartphone or tablet's Wi-Fi settings, connect to the network called **ICAM-Lynx730** followed by a series of numbers.
6. Open the **Ez iCam App** on your smartphone or tablet.
* Press and hold the **Wi-Fi Button** for three seconds to turn **OFF Wi-Fi**.

The **Ez iCam App** is compatible with the smartphones and tablets listed below.

For Apple iOS:
* iPhones, 5s, 6 (Plus), & Gs (Plus) (iOS9)
* iPad Air & Mini (iOS9)

For Android:
* Android 4X Quad-core devices
